

Lucino

Porcelain Collection

2026/2027

Lucino

Scratch, stain and UV resistant, in slab sizes and finishes that read as stone but work harder.

Porcelain doesn't stain or fade the way natural stone can, and it holds a consistent pattern edge to edge. For kitchens, bathrooms and high-traffic commercial tops, it's the lowest-maintenance slab we sell. Talk to us about finishes and lead times, or request a sample.

- 10 year warranty.
- Quotes within 24 hours.
- Optimised inventory management to minimise delays.
